

Hello, Parents!

Attached you will find the new summer reading assignment for rising 3rd graders. Your child has worked hard in reading class this past year, and it is important to keep the reading momentum going. Research indicates that children who don't read during the summer can lose up to three months of reading progress, a loss that has a cumulative, long-term effect. In order to help students maintain their progress in reading, we ask each student to read books of their choice and complete the attached book review. Below you will find books suggestions for your student. Have a wonderful summer! Read! Read! Read!! ☺

Sincerely,
Mrs. Shea
